

National Digital Skills Centre Radio Broadcast Production Course

The Diploma in Radio Production is an industry-led, multi-award winning radio broadcast training course run in Tralee, County Kerry. Trainees gain the key practical skills and experience needed to work in the radio industry and wider media sector. The course is the only full time radio broadcast training course in Ireland delivered in partnership with a licenced radio station and the only course to win 4 FPI National Radio awards.

Successful candidates receive 50 weeks industry led, practical skills training and up to 12 weeks in-company experience.

Former trainees work at the BBC, RTE, Communicorp, UTV Radio, Independent, News & Media, Thomas Crosbie Holdings, the Independent Local Radio sector and a host of other online and media production companies. Our radio graduates have been awarded with over 20 FPI radio awards to date.
